

Compuflex's WinCentral is a Windows based utility that offers centralized balancing of WinACD. WinCentral also may be used to view totals only, allowing the WinACD stations to balance individually. WinCentral is ideal to remotely balance and/or view all activities at every WinACD station installed at a bank branch, hotel, or Casino.

## FEATURES

- Balance or view all WinACD stations from one centralized location.
- Manage all tellers, operators, or users.
- Teller totals are backed up to a dated history file.
- The journal is searchable up to 8 different criteria.
- Journal records are saved up to 180 days.
- Displays working status of all dispensers.

Why waste time balancing each dispenser individually. With WinCentral you can balance all of your cash dispensers from one location.
